b. The State will furnish City with a copy of the proposed Project Agreement to be entered into by the State and FHWA, and any Railroad Company Agreement necessary for the full completion of this project. Upon approval of the terms and conditions of the Project Agreement and any State-Railroad Company Agreement by the City, the agreements shall be incorporated in and made a part of this agreement by reference and shall have the same force and effect as though fully written herein. Further, the City is bound by all the terms of any State-Railroad Company Agreement and will reimburse the State for the amount contracted for by and between the Railroad Company and the State acting as agent for the City.

In the event of any unauthorized encroachment or improper use, the City shall take all necessary steps to remove or prevent any such encroachment or use; failing in which the State shall have the right to proceed with the removal or prevention thereof, the cost of such removal or prevention to be borne by the City.

6. Upon completion of construction, the City shall provide for, at its own cost and as an annual item in its budget, proper maintenance, including, but not limited to, traffic signals, signs, islands, curbs and markings necessary for the purpose of regulating, warning and guiding traffic.
